

HB 6618

(RAISED) AN ACT CONCERNING MEDICAL ASSISTANCE FOR CERTAIN PERSONS RECEIVING ABORTION CARE AND RELATED SERVICES IN CONNECTICUT.

I strongly oppose. This bill will require, through DSS, using Connecticut taxpayer funds to pay 100% of the cost of abortion services for out of state low-income women. Connecticut taxpayers must not be forced to pay for a service that is against their beliefs and morally wrong.

Ending the life of a baby is not healthcare.
